THE ESTATE

A short distance from Limoges, enjoy the charm and elegance of La Chapelle Saint Martin, a historical 14th-century estate opening out onto a 40-acre park and its surrounding countryside. The hotel and restaurant are designed as an ode to the Limousin and to the Dudognon Family history. Their passion for antiques, keen eyes for details and above all their aesthetic is on display: a meticulous, refined and authentic French style.

Rare objects found while shopping for vintage furniture, and unique paintings, have been decorating and inhabiting this property, which belonged to Porcelain manufacturers in the 19th century, for the past 40 years.... The main House and its outbuildings have been restored with subtility and elegance. The 14 bedrooms, lounges and outdoor swimming pool welcome guests to an oasis of parkland, art and Porcelain.

MICHELIN-STARRED RESTAURANT

Enjoy an incredible and award-winning dining experience at Le Saint Martin. Created with artistry and driven by taste, Chef Gilles Dudognon and his team offer a hedonistic and sensorial experience, serving carefully balanced, classic French cuisine, exquisitely cooked and prepared with a modern twist, elevating the freshest, finest, carefully sourced local ingredients to something simply delicious.

The Chef's son, Henri, joined the family business in 2019. Father and son are now working side by side.

The four elegant and tastefully decorated lounges and dining rooms offer multiple opportunities: romantic suppers, family celebrations on the 200m² terrace, cocktail or garden parties...
